

Carry On Luggage Checklist

All unchecked baggage must fit under the seat in front of the passenger or in the overhead compartment.

Economy Class passengers are allowed one piece of carry-on baggage that does not exceed 5kg in weight and dimensions of 55cm*40cm*23cm in size. These dimensions include wheels, handles and side pockets.

On a long flight it is useful to carry some basic toiletries in carry-on luggage.

All carry-on liquids, gels, must be packed in a transparent, re-sealable bag-a zip lock sandwich size bag meets the requirements or you can buy special travel bags in health/personal care aisle of your supermarket. No aerosols are allowed. Containers must be 100ml or less. This requirement covers items including mascara, lip gloss/balm and perfumes. The transparent bag must be removed from carry-on luggage and shown to security personnel at the screening checkpoint.

No sharp items such as scissors, pocketknives or other items that could potentially be used as weapons may be carried in carry-on luggage. They will be confiscated (and not returned) at the security checkpoints.

Carry-on Luggage
